GUEST TEAM: _____

GAME DATE/TIME _____

TEAM WITH PLAYERS BEING QUESTIONED:

PLAYER(S) NAME	PLAYER(S) SIGNATURE
1. _____	_____
2. _____	_____
3. _____	_____

INSTRUCTIONS:

- 1) Should you feel that a team is using an illegal player (either roster eligibility, age, or rostered on two teams in the same division), notify the referee.
- 2) The referee will let the opposing coach know that you are questioning a player(s). That coach will then have the option to play or not play the player(s). If player(s) is to play, they must sign the PROTEST FORM above. If the player should refuse to sign, they will be illegal.
- 3) It is not the referee's decision to allow or not to allow a player to play, but only to notify the opposing coach, get the signature, and note if that player played (the clock will not be stopped for this procedure).
- 4) Signatures will be compared to the signature on the original roster and roster eligibility or age will be determined by WSM management within 48 hours.
- 5) This must be done before the match or when it is apparent that the player in question is playing (immediately after they enter the game). Any time played before a protest is lodged is on the books and will not change. Thus, if a protest is made 18 minutes into the game concerning player "X" and at that time player "X" leaves the field of play, there can be no protest concerning that player.
